A Friendly Reminder:

Please return items you checked out from the library.

"Those who contemplate the beauty of the earth find resources of strength that will endure as long as life lasts." Rachel Carson, *Silent Spring*

What does a Tier 3 designation mean?

This designation affords the highest degree of protection under state law and the Clean Water Act. Essentially it means that no new or increased discharges into the waterbody or its tributaries that would result in permanently lowering of water quality. New discharges would have to be treated to the level of the current water quality in order to avoid degradation or an alternative to discharging into the waterbody would have to be found. Only minor, temporary or emergency degradation is allowed. Most designations (Colorado, for instance has dozens) are unique and usually existing discharges are grandfathered in.

For more information please attend the

Community Informational Meeting

Monday, February 22, 2016

Time: 1 pm

Location: ANS Hall

Representatives from AK DEC will be here to answer questions about Tier 3 water quality or Outstanding Natural Resource Waters (ONRW).

Danger! Danger! Danger! Danger!

Please do not put live ammunition in your garbage bags. Someone did this and the ammo went off at the landfill and just missed hitting our Environmental Technician. If you do not know what to do with live ammunition you no longer need or want, please call Pat Warren at 767-5505 ext. 226 to get properly dispose of it.

Thank you for your cooperation in this matter.

Waste-Oil Furnace

We are still in need of waste oil for the Fire Hall waste oil furnace. The types of oil the furnace takes are used engine oil, transmission fluid, and number 2 diesel oil. If you change your vehicle oil please call the CIV office at 767-5505 ask for Daniel Klanott ext 224 or Brian Willard ext 231 and we can come and get your waste oil for the furnace.

Klukwan Recycle Center has Moved!

Recycle Center is now located in the green building behind the CIV Office. If you need assistance at the recycle center or getting your recyclables to the recycle center; stop by the CIV office or call at 767-5505 and talk with Daniel Klanott ext. 224 or Pat Warren ext. 226.

Recycling Tips

How to recycle:

Aluminum Cans: Rinse, drain, and put in Bin for transport to recycling center. (No foil / Pie Plates, cat food cans etc.)

Tin Cans: Rinsed, flattened, and labels off

Plastic Bottles & Jugs: p¹ – Green & Clear Soda Bottles & Jugs (All containers need to be rinsed out and lids removed)

P² – All Colors including white (All containers need to be rinsed out and lids removed)

Cloudy Plastic Jugs.

CIV is not able to recycle cardboard, paper, and glass at this time.

Used lead-acid batteries can be taken to Bigfoot. Bigfoot now takes used lead-acid batteries at no charge.

Electronic Waste (E-Waste)

E-Waste is used computers, cell phones, TVs, and VCRs. Some materials, such as lead, nickel, cadmium and mercury could pose threats to human health and the environment if mismanaged at their end-of-life. Keeping used electronics out of the landfills, to recover materials and the environmental impacts and energy demands from mining and manufacturing will lengthen the life of the landfill. All electronic waste needs to be taken to the white connex next to the recycle center.

Recycling electronics recovers valuable materials and as a result, we reduce greenhouse emissions, reduce pollution, save energy and save resources by extracting fewer raw materials from the earth.

If you have any e-waste, call the CIV office, 767-5505 and ask for Daniel Klanott or Pat Warren.

Thank You to all the people who are up to date with their Water and Sewer Utilities**This keeps Klukwan's water flowing.****Garbage Pick-up Hours:**

Pick-up now starts at 9 am —12 pm!

Garbage Pick-up will be two (2) times a week. Tuesday & Friday

Below is the 2016 Recycle Pick-Up Schedule:

March 3, 17, 31; April 14, 28; May 12, 26; June 9, 23; July 7, 21; Aug 4, 18, 31;

Sept 15, 29; Oct 13, 27; Nov 10, 23; Dec 8, 22

Please make sure your household trash & garbage are in plastic garbage bags before putting it in the bear proof containers. If the bear proof container is full please let us know. We do have replacement bags for the bear containers. Please do not take your trash bags to the Recycle Center.
